Judge Made Powerful Arraign ment of Disorderly Element in Albany.

CRIME TO BE PUNISHED

Acquittal in State Courts Will Not Prevent Prosecution Under Federal Laws.

HUNTSVILLE, ALA., October 11.-Judg Thomas G. Jones, in opening the United Court here to-day, delivered vigorous charge to the grand jury with regard to the recent lynching of Horaco Maples, colored, and the firing by the mot

would not have murdered Maples if he had been a white man, then every dictate of humanity and justice demands that you return true bills against the mem-

bers of the mob."

The grand jury was instructed to probe to the bottom the action of the mob in aring the jail, which held in custody persons accused of crimes against the United States. The judge also fully explained what constitutes a conspiracy, and directed that that phase of the lynching be investigated. In conclusion, he declared:

ing be investigated. In conclusion, clared:

"A conviction or acquittal in the courts of Alabama for what these parties did is no bar to prosecution under the laws of the United States. The United States owed a duty of protection to its cilizens which was the most imperative, since it had rendered him helpless to resist the efforts of the mob or save himself from the lames. It would be a grave reproach to its justice if such an offense went unnoted and uncondemned."

Judge Jones arraigned the mob in severest terms, and insisted that every citizen, should set his face against lynching for any crime.
